To Whom It May Concern,

I have had the great pleasure of working with Mike Baez throughout the summer of 2015 here at the Hyatt Regency of Newport. He has performed at weddings, rehearsal dinners, ceremonies, cocktail hours and corporate functions on our property. We have received a tremendous amount of praises on not only his performance but also his professionalism and personality at each event. I would highly recommend him to anyone in the future looking for an upbeat live performance by a single musician.
